

Florida Society of Oral and Maxillofacial Surgeons

2019 Summer Meeting

 **August 8-11, 2019**
The Ritz Carlton
Amelia Island, FL

Thursday, August 8
ACLS/BLS Recertification

Friday, August 9
Advanced Airway Complications & Management for the OMS
OMS Office Emergencies - Simulation Course

Saturday, August 10 and Sunday, August 11
Pediatric Office-Based Emergencies and
Newer Developments in Pediatric Anesthesia
Andrew Herlich, DMD, MD, FAAP, FASA

Professor and Special Assistant to the Chair for Academic and Faculty Affairs
Staff Anesthesiologist, UPMC Mercy
Pittsburgh, PA

2019 FSOMS Summer Schedule

Thursday, August 8

12:30 – 1:00pm

ACLS/BLS Registration

1:00pm – 5:30pm

ACLS Recertification Course

5:30pm – 6:30pm

BLS Recertification Course

Friday, August 9

7:00am – 8:00am

Breakfast & Registration for Airways Courses

8:00am – 10:00am

Advanced Airway Complications & Management for the OMS

10:00am – 10:15am

Break with Exhibitors

10:15am – 12:15pm

Airway Complications & Management for the OMS Continues

12:15pm – 1:00pm

Lunch for Participants in Airways courses only

1:00pm – 3:00pm

OMS Office Emergencies - Simulation Course

3:00pm – 3:15pm

Break with Exhibitors

3:15pm – 5:15pm

OMS Office Emergencies - Simulation Course Continues

1:00pm – 6:00pm

Conference Registration

6:30pm – 7:30pm

Welcome Reception

Saturday, August 10

7:00am – 8:00am

Breakfast with Exhibitors & Registration

8:00am – 10:00am

Pediatric Office-Based Emergencies
Andrew Herlich, DMD, MD, FAAP, FASA

10:00am – 10:30am

Break with Exhibitors

10:30am – 12:30pm

Session Continues

12:30pm – 2:30pm

FSOMS Board Meeting

Lunch provided for those attending

Sunday, August 11

7:00am – 8:00am

Breakfast with Exhibitors

8:00am – 10:00am

Newer Developments in Pediatric Anesthesia
Andrew Herlich, DMD, MD, FAAP, FASA

10:00am – 10:30am

Break with Exhibitors

10:30am – 12:30pm

Sessions Continue

12:30pm

Adjourn

About Our Program and Speakers

Shaun Fix Emergency Medical Consultants

Shaun Fix has been practicing and teaching in the hospital and pre hospital field since 1983. He is the president of Emergency Medical Consultants, Inc and a company officer in charge of EMS for Boca Raton Fire Rescue Services in the Palm Beach area of South Florida. This team has been presenting Management of Office Emergencies for Dental Professionals since the 90's and Along with Dental Specialty ACLS courses, helped present the original curriculum for the

Dental Airway Course with members of the FSOMS board. Shaun has presented programs at State, National and International Conferences and has appeared on FETN, Pulse, 24-7 EMS, Medic Monthly, and Emergency Medical Update Videos.

ACLS/BCLS Update 2018

ACLS Update For The Dental Professional- Emergency Medical Consultants takes the 2018 ACLS guidelines and makes them relevant to the OMS office. The AHA now mandates completion of a pretest, which will be sent to participants, prior to the course. This program is designed to review the latest guidelines for managing cardiac emergencies in both perfusing and cardiac arrested patients. Following the update, participants will progress through cases involving Airway compromise, Acute Coronary Syndromes, Stroke, and Cardiac Arrest; all as they may relate to the Oral Surgeon. The additional CPR Certification Skills,(Child and Infant CPR and Choking) can be added to the end of the ACLS course for those who require BLS CPR certification as well. ACLS Participants must have the 2018 Text (available when registering) and complete the pre-test (supplied in hard copy or via email) prior to entering the course.

Rick Ritt, BS, MA, EMT-PARAMEDIC Dental Simulation Specialist

As a paramedic for over 35 years, Rick has a vast foundation of acute critical care experience. Simultaneously, Rick has an extensive training history, for 20 years he directed the second largest American Heart Association CTC in the country. He is personally responsible for training over 150,000 students in BLS, ACLS, and PALS. His AHA Instructor history includes Affiliate Faculty Status in BLS, ACLS, PALS. In 2014, he established Dental Simulation Specialists Inc. to serve

the growing need to increase awareness, patient safety and outcomes in the dental office.

Advanced Airway Complications & Management for the OMS

There is obvious increased risk when providing sedation and general anesthesia in the dental office setting. A cautious and careful pre and post op assessment, in conjunction with continuous comprehensive intraoperative monitoring can thwart off many unwarranted complications. The Advanced Airway Emergency Management of the Sedated Patient Course will prepare and provide the OMS to successfully intervene and manage these adverse situations should they potentially occur.

OMS Office Emergencies – Simulation Course

This unique and challenging program provides the OMS with a hands on clinical simulation experience that addresses the proper assessment and management of a variety of patient emergencies associated with sedation. This course will re-enact emergency simulations as a method to improve patient safety, team performance, and outcomes. You will be presented with a variety of case studies in which you will be engaged in real time critical decisions and therapies for those patients. Lastly, participants will be given the opportunity to participate and demonstrate the appropriate patient and team management on a host of high fidelity simulators and task trainers.

Andrew Herlich, DMD, MD, FAAP, FASA

Dr Herlich was born in Philadelphia, Pennsylvania. He was raised in both Philadelphia and Northern New Jersey. After attending college, dental school, and medical school, he pursued anesthesia training. He trained at the Hospital of the University of Pennsylvania, Mt. Sinai Hospital in New York, as well as Fellowships in both Pediatric Anesthesia and Ambulatory Anesthesia. Currently,

he is Professor in the Department of Anesthesiology and Perioperative Medicine at the University Of Pittsburgh School Of Medicine. His clinical practice is at UPMC Mercy where his primary interests are anesthesia for maxillofacial surgery and pediatric burn surgery. He served as a Delegate to the ASA, the ASA's Liaison to the American Dental Association, the American Association of Oral and Maxillofacial Surgery, and the American Dental Society of Anesthesiology. In 2011, he was awarded Honorary Fellowship in the American Association of Oral and Maxillofacial Surgeons. Andy is a Volunteer Hotline Consultant for the Malignant Hyperthermia Association of the United States. He has been funded by NIH 3 times and has more than 80 publications. He has been recognized as one of America's Top Anesthesiologists for 15 consecutive years.

Pediatric Office-Based Emergencies

- The most common emergency is related to an airway problem.
 - Failure to recognize
 - Failure to treat and failure to treat in a timely manner
- True allergic reactions
- The patient who has not been vaccinated
 - The measles outbreak: Is it really that serious?
 - Treat or not to treat in your office: What are the consequences?
- Cardiovascular emergencies: how common are they and what are the etiologies?
- Preparedness: How prepared can you be and how well can you treat the emergency?
 - When does calling 911 fit into your protocol?
 - How effective is the receiving hospital emergency room in treating the emergency?

Newer Developments in Pediatric Anesthesia

- Pharmacology
- Techniques
- Equipment
- Regulatory Changes
- Training in OMFS

General Information

Ritz Carlton Amelia Island
4750 Amelia Island Pkwy.
Fernandina Beach, FL 33034

RESORT OVERVIEW

A barrier island on the East Coast that provided a safe anchor for seafaring souls, Amelia Island has been discovered and rediscovered many times over – by pirates and colonists and those who love how the sea can touch their soul. The island reveals many treasures, including The Ritz-Carlton, Amelia Island, a sanctuary among luxury beach hotels that provides a welcome barrier between you and the world beyond. We honor our cherished heritage with a daily Pirate Toast. A treasure hunt for our younger guests. Culinary explorations that stay true to our coastal Florida roots. Spa treatments that soothe from a slow, Southern pace. And a golf course that naturally blends into ancient terrain. With miles of pristine beaches to explore, you'll find yourself basking in the glow of the sun as you swim, relax or walk along the sandy shore.

HOTEL ACCOMMODATIONS

Featuring 446 guestrooms and suites all with a private balcony, four restaurants and lobby lounge, the Ritz-Carlton spa, 24-hour fitness center, on-site tennis facilities and 18 holes of private championship golf just outside our front door. When making hotel reservations in our room block, please **book your room online, go to the web site:**

<https://book.passkey.com/go/FMOMS2019>

OR

call **1-888-239-1217** and refer to the Florida Society of Oral and Maxillofacial Surgeons Summer Meeting to receive the group rate. The rate for single or double occupancy is **\$279 per night. The room block will be released Friday, July 5, 2019**

CONFERENCE REGISTRATION

To register for the FSOMS Summer Meeting, please complete your registration online, including credit card payment as soon as possible. Online registration is available at: <https://www.123signup.com/register?id=rtznv>

The registration includes all scientific sessions, full breakfast (Saturday & Sunday), and the Friday night reception for you and your spouse/guest.

Conference Registration Fees: Member, \$450; Non member, \$550; Retired Member, \$350; Spouses: no charge, Guests: \$50.00.

ABOUT the Airways and Emergency Courses

1) ACLS/BCLS 2017 Update: Member, \$200; Non member, \$250; Staff, \$150;

2) ACLS (only): Member, \$150; Non member, \$200; Staff, \$100

Once you register for the ACLS/BCLS course a 2019 text book will be mailed to you. You must complete the online pretext in the and bring in your results in order to take the course offered.

3) Advanced Airway Complications & Management for the OMS and OMS Office Emergencies–Simulation Course (both courses): Member, \$650; Non member, \$750; Staff, \$650

4) Advanced Airway Complications & Management for the OMS (only): Member, \$400; Non member, \$500; Staff, \$400.

5) OMS Office Emergencies - Simulation Course (only): Member, \$400; Non member, \$500; Staff, \$400

Licensing Airways CE Requirements:

64B5-14.004 Additional Requirements.

(6) All dentists who hold an active sedation permit of any level must complete four (4) hours of continuing education in airway management and four (4) hours of continuing education in medical emergencies, every four (4) years from the last date the dentist took the continuing education course. The four (4) hours in airway management must include two hours didactic training in providing dentistry on sedated patients with compromised airways and two hours must include hands-on training in airway management of sedated patients. The continuing education must be taken through a board approved continuing education provider. The continuing education required by this subsection will take effect on March 1, 2014. The continuing education required by this subsection may be included in the thirty (30) hours required by Section 466.0135, F.S.

AIRPORTS

Jacksonville International Airport is located 30 minutes from the resort and serviced by all major airlines.

GROUND TRANSPORTATION and PARKING

Please contact the concierge desk at 904-744-3333 to inquire about transportation services and fees with Dana's Limousine Service. Valet parking required, \$26 plus tax, per night.

CONTINUING EDUCATION

This conference has been approved for 4 hours for the Airways course provided by Dental Simulation Specialists and 4.5 hours ACLS and 1 hour for BCLS course, which will be provided by Emergency Medical Consultants, Inc. FSOMS will provide a certificate showing 8. hours for our Scientific Program.

CONFERENCE ATTIRE

Resort casual is acceptable throughout the weekend.
